I am happy to share that our schools have completed 25 glorious years of serving society and contributing to nation building. Our commitment to educate and empower our students is firmly founded on your support and our constant endeavour to excel.

The Sagar Group of Institutions has already established itself as a committed group in the field of school as well as technical education. The challenging task of nurturing tender minds and harnessing mature ones is being carried out with dedication and efficiency by teams of talented teachers in all the sister organisations. The three pillars of Patience, Persuasion and Perseverance enable the Sagar team to scale stupendous heights and achieve the impossible. Our primary aim is to develop the spiritual temper of the students by fostering the qualities of integrity, honesty, trust, tolerance, humanism and compassion. The pursuit of excellence encouraged in the Sagar Group of Institutions rests on the strong belief that every child has it within himself to excel. We ensure that students are constantly motivated and rigorously trained for success in professional competitive examinations.

The Sagar Group of Institutions is teacher driven. The teachers are powerhouses of information, of aptitude, of activity. We also rely on the powerful role the parents play in supporting and respecting the endeavours of the school. I trust that the parents in tandem with the staff will help the children grow into self-respecting and courageous torch bearers of our nation. We, at the Sagar Group, have been working for the last 42 years in the field of Roti, Kapda, Makaan, Shiksha aur Swasthya to serve humanity and build the nation.

We follow environment friendly practices and develop a cohesive ecosystem where children remain connected with the nature.

We pay our obeisance to the Almighty God for providing this fulfilling and enriching experience of educating children.

SUDHIR KUMAR AGRAWAL
Chairman, Sagar Group

CELEBRATING 25 YEARS OF EXCELLENCE

Motto
विद्या ददाति विनयम्

Core Values
Honesty, Humility, Harmony, Humanity

Philosophy
Child is Supreme

VISION:

We envision individuals who are confident, caring, creative, contributive and empowered to shape a better world.

MISSION:

We nurture core values in every learner and create an inclusive and peaceful environment where students value diversity, think critically and act ethically.

Sagar Public School commenced its journey in 2001 with its first branch at Saket Nagar, Bhopal. In the last 25 years, the school has carved a significant niche for itself-with six branches, and an enrolment of over 16,000 students. SPS enjoys the distinction of being one of the finest schools in Central India.

This illustrious journey has been dexterously helmed by Shri Sudhir Kumar Agrawal, the Chairman of the Sagar Group, who believes in creating an inspiring team environment with an open communication culture.

Sagar Public School aims to provide a platform to broaden students' outlook, motivate them to undertake responsibility, and holistically develop their skills. It facilitates them to learn, to grow into good human beings and lead the world.

DOMAINS OF EXCELLENCE

- *Academics*
- *21st Century Skills*
- *Co-Curricular Activities*
- *Value System*

ACADEMIC APPROACH: **UNCOVERING POTENTIAL**

PRE AND LOWER PRIMARY

Embracing the Montessori method, our school fosters a child-centered environment where curiosity and independence thrive. Developed by Dr. Maria Montessori, this renowned approach nurtures the whole child – intellectually, socially, emotionally, and physically. Our specially trained teachers guide students through a hands-on, self-directed learning journey, tailored to individual interests and pace.

In our prepared classrooms, children explore specially designed materials that promote discovery and understanding. The Montessori curriculum encompasses Excercises of Practical Life, Sensorial experiences, Language, Mathematics, Science, and Cultural studies. Some of the Montessori materials which are part of our classrooms include Sensorial Materials, Math Materials, Language Materials, Practical Life Materials and Cultural and Science Materials Progressive Materials, Interlocking Materials etc. Our pre-primary classrooms encourage peer-to-peer learning, socialization, and community building.

CELEBRATING 25 YEARS OF EXCELLENCE

PRIMARY SECTION

Interdisciplinary and experiential learning forms the basis of classes extending from I to V which is supported by a caring, friendly and well-structured learning environment.

It uses a blend of technique and technology which aims in developing a child's sense of discovery and observation. Special attention is paid towards accentuating linguistic skills, scientific and mathematical concepts. The children are motivated to develop a love for learning.

Creative techniques and attractive combination of diagrams, graphical representations, charts and models, smart class modules, hand-on experiments, visits to Science & Math labs, nature walks help the young learners develop an inquisitive nature, imagination and also helps them stand out in academics.

Teaching pedagogy focusses on habits like Reading, Time Management, Personal Hygiene and Cleanliness, Social Skills and Empathy, Healthy eating habits, Physical Activity, Responsibility and Independence etc.

MIDDLE SECTION

Our Middle School Programme is essentially based on Experiential Learning, which accents on Learning by Doing and in effect replaces the rote learning methodology. The Curriculum is structured to meet the Cognitive, Emotional and Developmental needs of the students and bridges the gap between Theory and Practice.

We have developed an enabling environment where thoughtfully planned teaching learning process, constant support, and counselling empower students to become learners.

Competitions and Activities are carefully planned keeping in mind the varied interests and mind sets of the students and the list is exhaustive ranging from Dance, Cyber Quiz, Reading, Shloka Recitation, Debates, Music and Yoga, Painting and sports like Squash, Skating, Swimming, Lawn Tennis, Cricket, Badminton, Football, Futsal, Table Tennis, Basketball, Judo etc.

SECONDARY AND SENIOR SECONDARY SECTION

Our competitive yet collaborative teaching and learning environment helps students to become dynamic persons who are morally upright and law abiding citizens with a strong academic orientation. Talent and interest are recognised, enabling students to identify the disciplines in which they have greater abilities so that they can pursue a related career. Guiding the children to know their areas of strength and yearn for self-betterment help the students to mould their hobbies and interests into powerful academic, economic and financial opportunities that will help them to become independent.

Our Secondary Section offers comprehensive counselling services, focusing on behavioural support, career exploration, and goal setting. Experienced counsellors help students develop emotional intelligence, self-awareness, and essential life skills, guiding them towards informed post-secondary choices, building their profile and future success.

CELEBRATING 25 YEARS OF EXCELLENCE

FUELING EXTRAORDINARY MINDS

(An Integrated Programme for JEE/ NEET/ CLAT/CUET Aspirants)

To meet the demands of today's competitive entrance examinations, our Integrated Programme provides a rigorous academic framework that goes beyond the standard curriculum. Designed for students of Classes IX to XII, this advanced academic track provides a strategic framework to master challenging competitive examinations, including JEE (Main & Advanced), NEET, CUET, and CLAT.

Our programme is delivered by a dedicated team of highly experienced professionals who specialize in competitive exam preparation. Students benefit from a rigorous curriculum featuring:

- Expert-Led Classes: Specially curated sessions that focus on core concepts and advanced problem-solving techniques.
- Comprehensive Study Material: Meticulously designed resources that cover the entire syllabus in depth.
- Consistent Evaluation: Regular testing, including Computer-Based Tests (CBTs), to simulate the real exam environment and track progress.
- Personalized Mentorship: Close monitoring and one-on-one guidance to address individual challenges and ensure students remain motivated and focused on their goals.

This seamless integration of school and competitive preparation gives our students the confidence and competence to excel.

FACULTY: CHAMPIONING EXCELLENCE

Teachers the backbone of our institution are erudite, capable, well-qualified and trained, they furnish an interactive and congenial learning environment in the classroom. Confident of their skills, and in tune with the prevailing pedagogical climate, they play an equally vibrant role outside the classroom, and in the lives of their students.

In the pre-primary and lower primary section, the teachers focus on nurturing the students to an extent that they become the student's third parent.

The primary school teachers are role models and resource centres - students model their behaviour on their favourite teachers, and look up to them as a fount of knowledge.

The middle school teachers are counsellors who handle the transition into adolescence with infinite patience and sagacity. They also focus on the all-round personality development of the student.

The teachers of the secondary and senior secondary section function as mentors. They enable the students to negotiate the pressure of the Board as well as competitive exams, and make correct academic choices for the future.

Teacher development is an ongoing process and regular training sessions are conducted. Empowering teachers to connects them to new learning in every field of education. Teachers collaborate, and share best practices for continuous, self-directed development.

Their commitment and vision equips them to innovate in the classroom and fashion effective instructional methods for personalised attention to every student in their charge.

TRAINING THE BRAIN **FOR A BETTER GAIN**

Keeping this in mind Teachers' Training Cell organises frequent Sessions to empower the teachers with best teaching practices, innovative methodologies, skill-generating critical thinking, remedial measures to be implemented, learning new computing skills, topic-based conceptual knowledge development, empowering presentation skills by the display of teaching aids, activities, and self-assessment through short topic-based tests. During training sessions, teachers have been sharing their teaching styles, activities, experiences, and expertise on various topics.

Training has always played a vital role in developing human resources according to organizational needs. In the context of NEP 2020, training for advanced teaching skills becomes pertinent, so that the national educational goals as perceived by the Government of India, can be accomplished.

21ST CENTURY SKILLS: **GATEWAY TO HOLISTIC GROWTH, PROGRESS AND SUCCESS**

Sensitive Sagarites translate 21st Century Imagination onto the canvas of Holistic Development. The in-depth clearly structured activities at SPS lead seamlessly at all levels helping students in becoming life-long learners. Student-led literary and cultural activities, MUNs, Special Day celebrations cultivate a creative spark and critical thinking. A healthy mix of languages promotes proficiency in languages in a multilingual world. The creativity of our writers can be seen unleashed in our annual school magazine. Cooperative Learning and Buddy System teach Sagarites the art of navigating healthy relationships.

The qualified staff mentors Sagarites moving from academics to co-curriculars with equal ease. The Interdisciplinary Activities and Mathematical Aptitude classes, AI and Robotics projects, Quizzes, Skill Enrichment classes including swimming, aesthetics, robotics and sports help them resonate with their unique abilities and cultivate a diversity of talents. Student Council platform develops team management and leadership skills and at the same time Digital Education has made our stakeholders independent learners and digitally savvy.

ACADEMIC RESULTS: **PROMOTING PERFECTION**

Success is the result of hard work, learning from failure, competition and persistence. The achievements of the students are manifested in its results.

The school has been riding the wave of glorious success, spearheading towards excellence, producing exemplary results of class X and XII. It is a pioneer in the educational scenario of Madhya Pradesh, repeating its splendid history year after year by giving outstanding results in the state. The school is equipping students to score perfect 100 in various subjects and high averages in the Board exams. It has achieved the pinnacle of success by producing stream toppers. The result speaks for itself. The school has consistently figured among the topmost schools in Bhopal. Academic excellence has always been translated in the form of 100% result in the Board exams. Students have proved their mettle, time and again with their astounding achievements by scoring high averages in all streams including Science, Commerce and Humanities.

ACTUALIZING **DREAMS**

"A dream does not become reality through magic; it takes sweat, determination, and hard work." Sagar Public School always strives to foster deeper learning in students through purposeful integration of academic content with rich experiences that cultivate skills, mindsets and literacies needed for holistic development. The consistent hard work of students; constant support of the parents and the proficient mentoring by school for preparation of competitive exams is unparalleled.

There is no joy greater than seeing our students accomplishing what they have been hoping for and working towards fulfilling their dreams. Continuing the arduous journey to provide quality education and brace learners with 21st century life skills and competencies we take pride in sharing that the Sagarites have stepped into prime institutes of excellence in varied fields.

CO-CURRICULAR ACTIVITIES: **NURTURING TALENTS**

The school incorporates all educational elements together to make the next generation of dynamic professionals well-equipped with the calibre to excel in the global business environment, and to that end, never remains behind when it comes to providing the students with the necessary exposure.

Personality Grooming Activities- This programme inculcates and nurtures the students in a lot of ways. Talk shows, group discussions, soft skills and mock interviews are some of the activities to mention. They are guided to improve their collective skills like problem-solving, collaboration and communication.

Mentor Programme- Student-faculty interaction outside the classroom is an essential activity to build understanding and connection between mentor and disciple. It serves the academic, emotional and career needs for students who sometimes find it difficult to manage otherwise. Such activities are indispensable and work as a guiding pillar in the lives of students.

Morning Assembly- Our vibrant morning assemblies serve a dual purpose: they not only commence the day with a serene, pious and reflective tone but also act as a dynamic platform for student-led discourse. They create a positive atmosphere while providing an invaluable stage for students to share motivational, informative, and value-based presentations. These sessions, led by students from various classes and houses, are vital for building confidence, honing public speaking skills, and inspiring the entire school community.

Educational Tours- Students visit premium institutions like IITs and IIMs. They are also given an opportunity to be a part of Literature Fests. They are provided a platform to learn about the trends of contemporary arts and history through visits to different heritage sites.

CELEBRATING 25 YEARS OF EXCELLENCE

“ASPIRE...
A SPECIALIZED PROGRAMME INTEGRATING RESOURCES AND EXPERTISE.”

ASPIRE is a novel initiative by the school to bring successful people from myriad walks of life to share their rich experiences and life-lessons which made them successful. In today's globalized world, it is imperative to provide students with the precise exposure to enhance their practical knowledge.

Experts and achievers from different and diverse fields like Arts, Science, Technology, Literature, Music and Dance etc. are invited to interact with the students about their journey, obstacles, challenges, motivation etc. This helps in expansion of knowledge and supports in developing career choices.

On ASPIRE Trips students get exposure to renowned educational institutes in India. Their understanding and know-how about job expectations and opportunities are developed through such trips.

SKILL ENRICHMENT **CLASSES**

In today's modern world the definition of learning and acquiring skills is rapidly shifting from the four walls of classrooms. Education has become the optimum blend of scholastic and co-scholastic activities. Co-curricular activities improve the learning experiences of students, help them identify and develop their inner talents and fuel their learning by stimulating creative thoughts and improving their social & organisational skills. The students are trained in various skills that help them bloom into multi-faceted individuals in the future. The activities are so structured that they help our Sagarites develop a love for learning at their own pace according to their own interests. The Skill Enrichment Classes are designed systematically so that Sagarites can perform and excel in vocational courses also.

AESTHETIC SEGMENT • Vocal • Instrumental- Guitar • Instrumental- Tabla • Instrumental- Keyboard • Western Dance • Classical Dance- Bharatnatyam • Classical Dance- Kathak • Art And Craft • Painting • Sketching • Pottery • School Band • Computer Graphics • Computer Programming • Atal Tinkering Lab (Robotics) • Theatre • Yoga • Folk Dance

SPORTS & PERSONAL • Badminton • Swimming • Table Tennis • Football • Skating • Squash • Basketball • Judo • Cricket • Quiz Club • Athletics • Yoga • Abacus • Readers Club • Public Speaking and Personality Development • Literary Club (Debate) • Photography

CAREER **COUNSELLING CELL**

The dynamic Career Counselling Cell of SPS incorporates a hand holding method to extend strong informational support and advisory guidance to the students, empowering them to make genuine and confident decisions about their careers. Individual interactions with counsellors result in the best personalised recommendations, enabling scores of students to subsume their passion within their profession, thus fulfilling the goal of self-actualisation while creating a generation of happy workers. To give the students a cutting edge, the SPS Career Cell also conducts a variety of career sessions, organises interactions with professionals and trains the students for the same. Warm emotional attachment with the students, combined with knowledge, commitment and proficiency are the established hallmarks of the Career Counselling Cell which has yielded excellent results for all the stakeholders.

Some of the key functions performed by our Career Counselling Cell are –

• Career Guidance and Counselling • Information dissemination on courses and colleges • Workshops and Seminars • Higher Education Counselling • Aptitude and Personality Assessments • Psychological Support • Alumni Engagement

INFRASTRUCTURE: **ENABLING DREAMS**

At Sagar Public School, we believe world-class infrastructure is the launchpad for a child's aspirations. Our immaculately clean campus, set within a lush, green landscape, provides a serene and inspiring environment for growth. Our modern academic infra, with well-equipped science labs and a vast library, fuels intellectual curiosity. This is powered by our robust digital infra, featuring smart classrooms and a campus-wide Wi-Fi network that prepares students for a tech-driven future.

On the sports field, our sprawling grounds and professional courts are designed to nurture discipline and teamwork. For creative expression, our dedicated co-curricular infra includes vibrant art, music, and dance studios, and a state-of-the-art auditorium for budding performers. Every facility is meticulously planned not just to support education, but to empower students to explore their passions, hone their talents, and confidently build the future they envision.

AI AND ROBOTICS LAB

Integrating robotics, coding and artificial intelligence into our curriculum fulfils the need of present-day learning environments where our future leaders need to be technologically sound and can enhance their skills including creativity, innovation, cooperation, team work and self confidence. This lab encourages question based approach of learning that helps students, exercise their imagination through experimental challenges.

CELEBRATING 25 YEARS OF EXCELLENCE

LABORATORIES

These are the times of innovations which call for the scientific temperament to be nurtured among students in their formative years. Thus, fully equipped and suitably-designed laboratories for various subjects be it physics, chemistry, biology, computer science or mathematics cater to the needs of the students. Their skills of reasoning, logical thinking and connecting ideas enhance with every lab session.

CO-ACADEMIC PURSUITS

Co-curricular activities and academic excellence form an integral part of the school curriculum. Performing Arts is given huge importance in the curriculum. Ample opportunities are provided to the students to give expression to their imaginations and thus enhance creativity. The well-equipped Music room contains a variety of classical and western musical instruments. Distinguished faculty trains children in both the disciplines of instrumental and vocal music. A separate, spacious dance studio well-equipped with necessary technical instruments is a place where children are trained in various dance forms. Students are encouraged to develop their talents and skills from an early stage. The Art and Craft rooms present opportunities to students to develop and nurture varied artistic interests.

LIBRARY

A library is a storehouse of knowledge. A well-equipped library housing a wealth of useful books coupled with a motivating or mood-lifting ambiance not only attracts students but also develops a flair for reading. It encourages exploring interesting things among students, especially in their formative years when the curiosity to know more and more is immense in the inquisitive minds of children. Such places also serve as holding interactive sessions and exchanging knowledge among students, thereby enhancing students' writing and reading skills.

SPORTS FACILITIES

Availability of indoor and outdoor sports facilities like basketball and badminton courts, swimming pool, cricket pitch, skating rink, football ground, table tennis room and judo room are an essential part of the School's infrastructure. Well-qualified Physical Instruction teachers are always present to give tips and for coaching in all the sports. Teaching yoga is an essential part of the curriculum and certified teachers ensure students are benefitted by the same.

MESS

"A healthy mind resides in a healthy body"

The school mess provides wholesome traditional Indian food, cooked with great care and love and served with affection as the Prasadam. The ultra-modern mechanised kitchen ensures hygiene and high standards of food preparation. A complete Satwik food with lot of variety and purity allows children to develop good taste and enjoy the meals socialising with their friends. The motherly guidance of teachers enable the students to pick up table etiquettes and imbibe value for food and service.

TRANSPORT

"The school has its own fleet of buses to ensure safe travel of the students. The buses are designed as per standards and manned by trained drivers and personnel. Our buses are equipped in accordance with all the rulings of the Supreme Court. Students are accompanied by a conductor, female caretaker for small children and teacher in the buses. The transport facility of SPS is also equipped with a GPS and CCTV surveillance system.

OUR COMMITMENT **TO SAFETY & SECURITY**

We ensure a secure and nurturing environment for every student through a multi-layered safety framework.

Safe & Compliant Infrastructure - Our campus adheres to all government safety norms, featuring child-centric design, safe play areas, and a comprehensive fire safety system with hydrants and alarms.

CCTV Surveillance - The entire campus is monitored by high-resolution cameras, with a dedicated team ensuring real-time vigilance from a central control room.

Professional Security Team - Vigilant, professionally trained guards, including lady guards for student comfort, patrol the campus under experienced supervision.

Monitored School Transport - Our entire bus fleet is equipped with GPS for live tracking and onboard CCTV cameras. A lady attendant is present in every bus to ensure student safety.

Rigorous Staff Verification - All staff members, both teaching and non-teaching, undergo mandatory police verification and a rigorous background check before hiring.

"I WAS AT SPS, NOW I AM AT"

An organization's alumni are the reflection of its past, representation of its present and a link to its future. In a span of twenty five years, our graduates have become global citizens spreading the legacy and culture of SPS far and wide. The strong 5000+ alumni of SPS keep themselves involved in their school and aspire to contribute to their Alma mater. The Alumni are valuable not only because they shape the image of the Institute in the world, but also because they act as a connecting thread between the Institute and the outside world. They are our greatest brand ambassadors!

Sajal Singh
Sr. BAW R&D Engineer Qorvo Inc, Florida, US Doctoral program from The University of Michigan.
I would like to mention that at IITH, I was the first non-CSE student to became a coordinator of the programming club of the college and I am absolutely grateful to the computer science education which was given to me at SPS.

Utkarsh Bajpai
Alumni of IIM Ahmedabad
Quick Commerce KAM Mondelez.
I'm impressed by how consistently and rapidly SPS is growing. This growth can be seen in every respect, from facilities and infrastructure to academic achievements of students. Needless to say, my experience with SPS has been spectacular, and I highly recommend the institute.

Anshul Singh
Working as Group A Gazetted Officer under Ministry of Railways (Rail India Technical and Economic Services) *Area of jurisdictions is in charge of MP and Chhattisgarh railways signaling projects.*
I proudly feel that I cherished every moments of SPS. I really liked the teacher's approach to the students; they always wanted to help us.
It's a place of knowledge & bliss. The relation between teacher and student is very cordial, which gave me an opportunity to learn life lessons.

Dheeraj Singh Madnawat
Assistant Commandant, Border Security Force
SPS provided a holistic environment for my personality development. SPS is not only a school it will always be my second home. The competent teachers were the guiding light even after passing out from school. The sheer commitment towards excellence and positive motivation is second to none. The strong foundation provided by this school helped me succeed in my life.

Mandar Bapat
Software Engineer, Google Computer Science, IITK
Moving from my hometown in Gujarat to Bhopal in class XI could have been an overwhelming shift, but SPS Bhopal made the transition entirely seamless. The faculty here is truly exceptional—their expertise and teaching methodologies are at par with top-tier JEE coachings, yet they offer a much more holistic approach. They consistently paid special attention to the academic areas where I lacked, ensuring my core concepts were rock solid. While their guidance was instrumental in my JEE preparation, it was the welcoming, supportive environment that truly helped me settle in and grow. I am deeply grateful for the strong foundation they helped me build during my two years there.

Raaz Dwivedi
Asst Professor, Cornell Tech University New York City
I am really grateful to the wonderful teachers and friends (for life) that I made there. I feel fortunate to having such a great time in such a time of my life since I sincerely believe the learning at SPS during those two years of my life were very crucial in giving a direction to my life and career.

Nandini Singh
Alumni of Lady Shri Ram College for Women & IIT Mandi, Head of Strategic Partnership & Philanthropy TechXR Innovations Private Ltd.
SPS is much beyond just a "SCHOOL"... It actually denotes a Culture"... Culture of excellence, empowerment, and enrichment. Being a part of SPS, I felt blessed. The school has molded my personality and clarified my vision of the future. That day is not far when people will recognize me with the name of SPS and I am very grateful to the school for providing guidelines and motivation to inspire me to achieve my goals.

Aparajita Pandharkar
M.Sc. Development Economics, The London School of Economics
The most sublime feelings can't be articulated in words. The environment at SPS enhances the overall learning experience. The ambience of the school and the friendly teachers became a part of my life.

Utsav Gandhi
Associate Consultant, Mastercard after graduating from IIT (BHU)
SPS has helped me grow in all the aspects and provided me the platform to set great milestones which I am really grateful for. Teachers have been the strength of the school for me since I joined SPS and my peer group has always pushed me to do my best in all aspects. I immensely cherish my days at SPS and still find the time to create new memories with my friends and relive the good days we spent in school. I am really proud to be a Sagarite!

Aakriti Jain
Software Developer Tesla Europe
I studied in SPS for 7 years. Looking back, I find that I learnt some valuable life lessons, like discipline and perseverance, helping me in the journey of life onwards. I'd like to express my gratitude to the management and the excellent teachers for their continuous efforts, trying to bring the best in every child by tapping into their individual strengths. SPS earns my highest recommendations.

Ananya Rath | Class of 2020 | Counterparty Risk Analyst , BNP Paribas SA, UK | MSc Finance, University College London|B.A. (Hons.) Economics, University of Delhi
SPS will always have a special place in my heart. What I remember most is the sense of warmth and belonging, the teachers who always encouraged me to do more and believe in myself, and the friendships that made school so memorable. SPS gave me much more than an academic foundation; it helped shape my confidence, curiosity and outlook towards life. The support and values I received there continue to stay with me, and I will always be grateful for the person and professional I have grown into."

Lt Yash Kalra
National Defence Academy Alumnus
SPS, Saket Nagar gave me more than an education—it gave me perspective. It showed me that life would not always be all roses. I learnt from my failures and built perseverance to grow out of it. The teachers, the school culture and everyday experiences at the institution helped build the resilience in me that I continue to draw upon even today. The ability to stay grounded and trudge patiently through knotty and difficult situations are perhaps a few of all the lessons from my school that I carry with immense gratitude.

Aman Saxena
Executive Assistant to Mr. Jyotiraditya Scindia. AIR 10 - CLAT, Alumni of NLU Bengaluru
SPS provided me with a solid educational foundation to build my career on. The personal attention given to the needs to each student was unparalleled.

Hitesh Lalwani
Software Development Engineer At Amazon.
SPS has been and will always be a major part of my life. The school has shaped me into what I am today - an engineer, a musician, a better person. It was here that I discovered my talent and interests in programming and music. The many co-curricular activities integrated into the curriculum make learning so very engaging.

Chinmay Mudgal
Senior Chef de partie- The Arts Club, London.
My experience at SPS was memorable as my ambitions were understood and supported.
I still remember the night camp organized in the school where I was encouraged to lead the culinary challenge.
I have had the experience of working with some of the top-notch brands of Indian Hospitality such as The Oberoi Group, Trident Group, ITC, and ITDC, and soon will be moving to London in a few months for Masters I dream of making the School proud of my accomplishments.

Chitwan Jain
UPSC AIR 17
Class of 2020
Though my journey at SPS began in Class 11, those two years proved to be the most transformative period of my life. The immense exposure, vibrant opportunities, and nurturing environment helped me build a solid personal and professional foundation one that will undoubtedly shape my journey toward becoming a capable administrator. I will always remain deeply grateful to SPS for the countless memories and invaluable lessons.

Siddharth Amlavad
Batch 2022
My journey to IIT Mandi has been a great learning experience, and my school and teachers have supported me throughout it. During my board preparation, my teachers helped me make my basics strong and understand the concepts clearly. Even when I scored 99, my teachers would motivate me to push myself further and aim for 100. Along with school, I spent a lot of time practising questions on my own. If I found a topic difficult, I would practise many questions from that topic until I understood where I was going wrong. I would also spend time thinking about the concept and why I was finding it difficult. This helped me improve my understanding and problem-solving skills. I am really thankful to my school and teachers for always pushing me to do better and supporting me throughout my journey to IIT Mandi.

Ankita Das
International Tax Analyst KPMG EY. Pursuing MBA HR from Leeds University U.K
Sagar Public School played a pivotal role in shaping my confidence and equipping me with the essential skills to reach various milestones in my professional and personal life. The school fostered an environment of inclusivity, bringing together students from diverse cultures and backgrounds. I am deeply grateful to my faculty, many of whom I still keep in touch with. Their unwavering support and guidance have been invaluable throughout my journey.

Anubhuti Jain
Alumni of IIM Ahmedabad
Currently with McKinsey & Company
Having grown up at SPS right from Nursery to XII grade, it is the one institute that has had the biggest impact in shaping who I am as a person today. It gave me wonderful friends (who continue to be a shining ray of light in my life), invested teachers (who still check in on me every now and then, 7 years later), and a sense of self. I'm forever grateful to SPS for all of it and more!

SAGAR PUBLIC SCHOOL

MISROD
Proposed CISCE BOARD
www.spsbhopal.ac.in

A LEGACY OF EXCELLENCE, **CARRIED FORWARD**

"Education Maestro.
At A New address.
With CISCE Curriculum Edge."

SPS.
FOR A GREATER CAUSE.
FOR THE GREATER GOOD.

"Every parent who walks into a Sagar school places their most precious trust in us. Now that trust comes to Misrod. Guided by Patience, Persuasion, and Perseverance, our teachers will help children grow beyond marks, honest in what they do, kind to others, caring for nature, and brave enough to stand on their own. Walk with us, because a child grows best when home and school move together. Welcome to the Sagar family."

Sudhir Kumar Agrawal
Chairman, Sagar Group

Upholding the Legacy

For years, Bhopal families have trusted the Sagar Public Schools name with their children. Now that name has a new home in Misrod, at one of the most sought-after locations in the city.

SPS Misrod is a long-day school leaping towards quality education with CISCE affiliation. It keeps everything parents value about Sagar, its care, its discipline and its values, and adds a fresh way of learning built for the years ahead

ABOUT
SAGAR PUBLIC SCHOOL, MISROD

A new chapter in the journey of educational excellence unfolds with Sagar Public School, Misrod, located at one of the city's most prime locations. Envisioned as a CISCE-affiliated long-day school, the campus is designed around a carefully curated educational programme that encourages children to actively participate in and take ownership of their learning.

Building upon the trust and legacy of Sagar Public Schools, SPS Misrod brings together a progressive academic vision, contemporary infrastructure and a deep commitment to nurturing children into capable, confident and responsible individuals.

At the heart of the school is a highly capable team of teacher-facilitators who go beyond the traditional role of information providers. They serve as mentors who understand individual learners, stimulate curiosity, encourage thoughtful inquiry and guide children towards greater independence.

With smaller class sizes than the prevailing norm, the school enables closer attention, meaningful interaction and a more personalised learning experience. Equal emphasis is placed on skill enrichment through a structured programme designed to develop higher-order skills across sports, aesthetics and literary pursuits.

The campus has been envisioned as a stimulating environment where learning is supported by technology and purposeful infrastructure. Technology-enabled classrooms with Interactive Flat Panels, advanced Science and Mathematics laboratories, dedicated AI and Robotics laboratories, skill labs and state-of-the-art sports facilities create opportunities for children to learn by doing, experimenting and exploring. The well-being of every child remains integral to the school experience. A modern automated kitchen, supported by stringent hygiene and quality-control systems, ensures that meals are prepared in a clean, safe and carefully monitored environment. Nutritious, freshly prepared food complements an ecosystem that recognises that healthy children are better equipped to learn, participate, explore and excel.

SPS Misrod is envisioned as more than an institution for academic learning. It is a vibrant learning community where children discover their potential, develop their capabilities and grow into accomplished and conscientious Sagarites.

With the established legacy of Sagar Public Schools as its foundation and a future-oriented vision as its inspiration, SPS Misrod seeks to create an educational experience that prepares children not merely for examinations, but for life — enabling them to thrive in a complex, dynamic and ever-changing world.
